# TARIFF CONFEREES

Will Not Make Public Progress of Their Deliberations-What They Did Yesterday.

Washington, September 17.—Democratic members of the tariff conference committee, now engaged in adjusting differences between the two houses on the tariff bill, to-day decided not make public any further agreements until the conference work is completed. Publication of agreements during the past few days has brought many demands upon the conferees for the reopening of certain schedules, and they have determined hereafter to maintain silence.

Chairman Simmons, of the Senate conferees, to-night said the work was fact, with his wairus-like moustache, a progressing more rapidly than he had his low forehead, flat, upturned nose, a expected, and he thought a report might be completed by the end of this the homeliest statesman that has ever the homeliest statesman that has ever

There was a long debate over the wheat and flour provisions of the bill, House members objecting to the Sen-House members objecting to the Senate amendment imposing a duty of 10 cents a bushel on wheat coming from a country that levies a duty against wheat from the United States. This question was not settled. The conferees agreed to leave pig iron on the free list, where the Senate put it, but did not determine whether ferro manganese ore also should be free. A compromise was effected on the automobile schedule by which the low rates fixed by the Senate were increased slightly, and an agreement was reached on the glove schedule, reducing someon the glove schedule, reducing some-what the increases in rates made by the Senate.

At St. Petersburg, as at Vienna, society absolutely declines to receive in its midst, and to admit to intimate intercourse, foreign diplomats solely on the strength of their official rank, and who are devoid of birth and of blue who are devoid of birth and of blue blood. Its relations with diplomats of this kind remain of the most formal character, an exception being sometimes made in favor of Americans who have known how to render themselves particularly agreeable and popular.
